Forecast for Saturday 26 Jun 2021

Weather: Dull with patchy light rain initially. Cloud will begin to lift and break up during the morning, allowing one or two light showers to develop but these will tend to clear north early afternoon. Some cloudier but drier conditions will then spread from the south during the afternoon and early evening.

Chance of cloud free mountain/hill tops above 600m: <5% initially with thick cloud down to around 200m. Becoming 60% by mid-morning, with broken cloud down to around 300m, then 90% by noon, with one or two shower clouds close to the summits.

Visibility: Poor with widespread fog slowly improving during the morning to very good outside of showers by early afternoon, with fine views of distant hills.
